### Comments and random thoughts:

We are very pleased with the new and improved Agri-Plex. The way it is set up, there is room for more participants, it is safer for everyone and events have been running smooth. Thanks to the TEA

Al Trautman attended the Annual General Meeting in Airdrie and notes that there is a lot of unhappiness within the clubs and the CTCPA numbering system. Youth kids at the CTCPA Finals were really under numbered. Some of them professional trainers riding professionally trained horses. Our youth would be throwing away their money, as how do youth 7 and up compete with almost professionals.

He also mentioned that Ann Robson of the CTCPA has resigned from office manager, but will continue to work with the computers.
